

Prepare for the Engineering Tech Fair!

Tips for Preparation

BEFORE:

1. Ensure your resume is polished and presentable using [ECC website resources](#). Carry them in a padfolio or nice folder.
2. Research the employers you plan on meeting (using company websites & career pages, UIC Careers job/internship postings, social media, Google search, etc.). Plan what you're going to say to the employers to showcase your talents. Prepare a 30-second Elevator Pitch for each employer you plan to visit. [Use these tips](#).
3. Dress to impress! [Professional dress](#) is highly recommended!

DURING:

1. Arrive as early as possible. There will be a large turnout and you want to make sure you are able to meet with all of your target companies.
2. Maintain professional behavior as if you are in interview mode the entire time.
3. Ask for a business card in order to follow up with the employer. No card? Get their name and look them up on LinkedIn for a follow up.
4. Smile! Employers notice how you carry yourself

Tech Career Fair on Wed, noon-4pm!

Here are just a few Employers to lookout for:

Continental Automotive – Automated driving is here. Learn more at Table #37 & #38.

Double Good – Love popcorn? 50% of every popcorn sale supports kids with special needs; that's Double Good. Visit them at Table #15.

Google – We think you know them 😊 Table #28.

NVISIA – They are raffling off a very special prize! Stop by Table #2 to meet them and enter to win!

SDI Presence – Chicago's leading IT managed service provider, is looking for a part-time Data Analyst Intern. They are recruiting UIC students specifically! #flamesonly Table #17
