TIPS ON NAVIGATING THE CAREER FAIR

It's careerfairweek! So we want to provide you with a few tips to make the most out of the UIC Engineering & Computer Science Career Fair!

• The career fair runs from 12–4pm at the UIC Forum.
• Day 1 of the career fair is Tuesday, September 18th for computer science and computer engineering majors.
• Day 2 of the career fair is Wednesday, September 19th for mechanical, industrial, chemical, bioengineering, and civil, and electrical engineering majors.
• At check-in, please grab a career fair program. It contains the employer list and floor map so you know where each employer is located, and what roles they are recruiting for (e.g., internships vs. full-time).
• You must bring your student ID in order to check into the career fair. If you lose/lose your ID, please provide a resumé at check-in that lists UIC, and your major in the Education section.
• Only UIC students and alumni are allowed to attend the career fair.
• Attire is professional – students who attend the fair wearing jeans, gym clothes, or other casual attire may not be admitted into the career fair.
• If you do not own a suit, then nice pants, dress shirts, dresses, or skirts are appropriate wear.
• If you need to leave the career fair to go to class, you are allowed to return to the career fair again – you will need to check-in again at the check-in area.
• There will be metal detectors at the career fair on both days. Your backpacks and jackets/packets will be searched.
• There will be a bag/coat check area at the career fair, however, UIC is not responsible for lost or stolen items in the bag/coatcheck.
• If you are worried about losing something important, consider leaving valuable items at home and not bringing them to the career fair.
• Please bring many printed copies of your resume with you. There are no printers at the UIC Forum.

Lastly, make sure to follow-up with employers after the career fair! This is the most important step and is often the one students forget to do. Connect with employers on LinkedIn, or send them a personal email if you obtained their direct contact information.

Good luck and we will see you at the career fair!

ANNOUNCEMENTS

Get mentored by a UIC Engineering Alumni!

• Receive career/life advice
• Gain ideas about different career directions to pursue
• Develop networking opportunities and skills

Open to all undergraduate engineering students

Deadline to apply is September 30th
