

January 24, 2022

UIC Engineering Virtual Internship and Full-Time Job Fair happening next week!

UIC Engineering & CS Students:

Welcome back to campus in person! We are getting excited for the Engineering & CS career fair and finalizing things with all the employers attending. Is your resume ready? Join us for a resume review session and a virtual career fair prep session this week to make sure you know what to expect!

Sincerely,

-The Engineering Career Center Staff

Happening This Week

CAREER FAIR PREP & COMPANY Q & A

Meet company representatives and engineers from Nicor Gas (A Southern Company) at this virtual session! They'll be sharing tips on how to stand out from the crowd at the virtual career fair. Take advantage of this opportunity to learn from them before the fair!

Open to majors: Mechanical, Civil, Chemical, Industrial Engineering, and Construction Management.

**January 25, 2022
5:00 PM to 6:00 PM
Via Zoom**

*RSVP on [Handshake](#)

SILVERWORK
S O L U T I O N S

Silverwork is the future of mortgage automation. Silverwork understands how cognitive technologies can be best applied to dramatically improve a client's business operations. We use technologies such as software robotics, machine learning and document recognition to create Intelligent Automation that is purpose built for the mortgage industry. Our software robots (BOTs) provide our clients with a digital workforce that can be easily added to their current manual operating model. This new digital workforce is fast, intelligent, and easy to operate. Our solutions and engineering teams help our clients move quickly to realize the benefits of our Intelligent

Automation.
