THE SPARK

UIC ENGINEERING

January 31, 2022

Engineering & CS Virtual Internship and Full-Time Job Fair is happening this week!

UIC Engineering & CS Students:

It's the final countdown! The career fair is happening this week! Time to put those finishing touches on your resume and elevator pitch (professional introduction speech)!

Sincerely,

-The Engineering Career Center Staff
Rose, Michelle, and Jonna

Sav.com was founded in 2018 with a mission of empowering creators with digital identities designed in seconds. Our core business, an ICANN accredited domain registrar, is quickly growing so we are looking to expand our small engineering team. You will work in multiple languages, own your projects, make your own technical decisions and use brand new technologies like AI and serverless applications.

More About SAV

Silverwork is the future of mortgage automation. Silverwork understands how cognitive technologies can be best applied to dramatically improve a client's business operations. We use technologies such as software robotics, machine learning and document recognition to create Intelligent Automation that is purpose built for the mortgage industry. Our software robots (BOTs) provide our clients with a digital workforce that can be easily added to their current manual operating model. This new digital workforce is fast, intelligent, and easy to operate. Our solutions and engineering teams help our clients move quickly to realize the benefits of our Intelligent Automation.

IIE's mission is to help people and organizations leverage the power of international education to thrive in today's interconnected world. We focus on work that achieves the following:

Advancing Scholarship - IIE develops and implements many of the world's most effective and prestigious scholarship and training programs.

Building Economies - IIE helps governments and corporations develop an educated workforce and prepare students and professionals to succeed in the global economy.

Promoting Access to Opportunity - IIE provides opportunities to underserved populations, protects scholars and students in danger and encourages teaching and learning across cultures.
