How do you know if an employer is the right fit for you?

Hey, Engineering & CS students!

Welcome back from spring break! Whether you're still interviewing, considering company offers, or just starting your internship/job search, you may be wondering how to tell if a company is going to be a good fit for your needs. Check out Handshake's list of 7 “Green Flags” to Look For in an Employer.

Are you a computing student with a disability?

Looking for an internship? Want to connect with peers and mentors with disabilities? AccessComputing can help you do that.

AccessComputing provides mentoring and funding for career development activities for students with disabilities in computing-related fields. This includes mentoring, tutoring, conferences, and research internships.

To apply, you will be required to self-report your disability, but you will **not** be required to provide medical documentation of your disability.
