

# The Spark

October 29th – Week 10

## BIO ENGINEERING INDUSTRY DAY 2018

Bioengineering and Bioinformatics students! There is still time to register for the Bioengineering Industry Day on Friday, November 2<sup>nd</sup>! Don't miss your chance to "speed network" with over 20 bioengineers working with companies such as AbbVie, Abbott, Pfizer, ICU Medical, Level Ex, Baxter, Zimmer Biomet, GE, Exponent, and more!

Attending Industry Day is a wonderful way to learn from UIC alumni how they transitioned from college to career. Here are some examples of questions to ask during the event:

- What do you like about your job?
- What do engineers do at your company?
- How can I make myself a marketable candidate in the eyes of your company?
- What did you do while in college to prepare yourself to be competitive in the work-world?
- What other advice do you have when making the transition from college to career?

Bring a few copies of your resume – never hurts to share a few while you build your network! Light refreshments will be provided.

Register TODAY at:

<http://ecc.uic.edu/events/bioengineering-industry-day/>

**Engineering Career Center**
