February 14, 2022

## Meet the Career Fair Attendees With the Most Sessions!

**Akanksha Bobade '22**  
**MS, Construction Management**  
**Number of Sessions Attended: 20**

"If you have never experienced a job interview, the career fair is an amazing way of learning. After meeting employers at the fair, I have been approached by companies for further interviews. The career fair has

been a great way to connect with various companies on LinkedIn as well as for future career opportunities."

**Jacob Chesney '23**  
**BS, Mechanical Engineering**  
**Number of sessions attended: 19**

"Attend as many sessions as you can because you don't know which company might be interested in you. I received a response in two days to schedule an interview for a company I thought might be boring. I went in for the interview and it turns out their lab is really cool and I really hope I get the internship."

**Mustafa Soniwala '22**  
**BS, Chemical Engineering**  
**Number of sessions attended: 20**

"The career fair is a wonderful opportunity to meet with new employers related to your area of study. It helps you build confidence. I would suggest all students to attend the virtual career fair because this is going to open up job options, help you get comfortable speaking to employers, and give you networking opportunities."

**Keep an eye on ECC's Instagram to see more of the top career fair attendees!**
